**Knowledge is power, information is liberating and education is the premise of progress in any society. It helps one in developing.”**

Throughout history, education has allowed the community to succeed both socially and economically. As rightly said by Nelson Mandela “Education is the most powerful weapon which can be used to change the world.”

It has always been my dream to elevate the knowledge of young learners to new heights and only way to accomplish this dream is by inculcating QUALITY EDUCATION which allows our children to not only become successful in life, but also realize their duties and responsibilities towards the state and their fellow citizens. The investment we put into our children today will help them achieve wonders and create the unimaginable.

Wishing you all a bright future ahead.

May you spread radiance and shine like solitaires!.

**Justice (Retd.) Sh. N.K. Sud**  
**Vice-President DAVCMC**  
**& Chairman LAC**

Education is a life-long learning process. Learning happens all the time; shaping young, impressionable mind is one of life's biggest challenges. At HMV Collegiate Sr. Sec. School, we aim to empower our students to grow as individuals with strong open discerning minds. We strive to provide an environment that is sacred, having a framework of discipline that is flexible and supportive, a freedom that allows students to learn even from their mistakes, to develop them into persons moulded by the correlatives of freedom and responsibility.

Along with academic excellence, we provide our students with wide range of opportunities and learning experiences beyond class rooms to be creative thinkers, problem solvers and dynamic leaders. Students learn in an environment of mutual respect, enthusiasm and commitment with the everlasting values that will help them to develop their true potential to the optimum.

To be successful, you have to use each day as an opportunity to improve, to be better, and to get a little bit closer to your goals. It might sound like a lot of work-and with a busy schedule, next to impossible. But the best part is, the more you accomplish, the more you'll want to do, and the higher you'll want to reach. So as long as you have the hunger for success, you will always have the power within you to achieve it.

Dream it. Wish it. Do it.

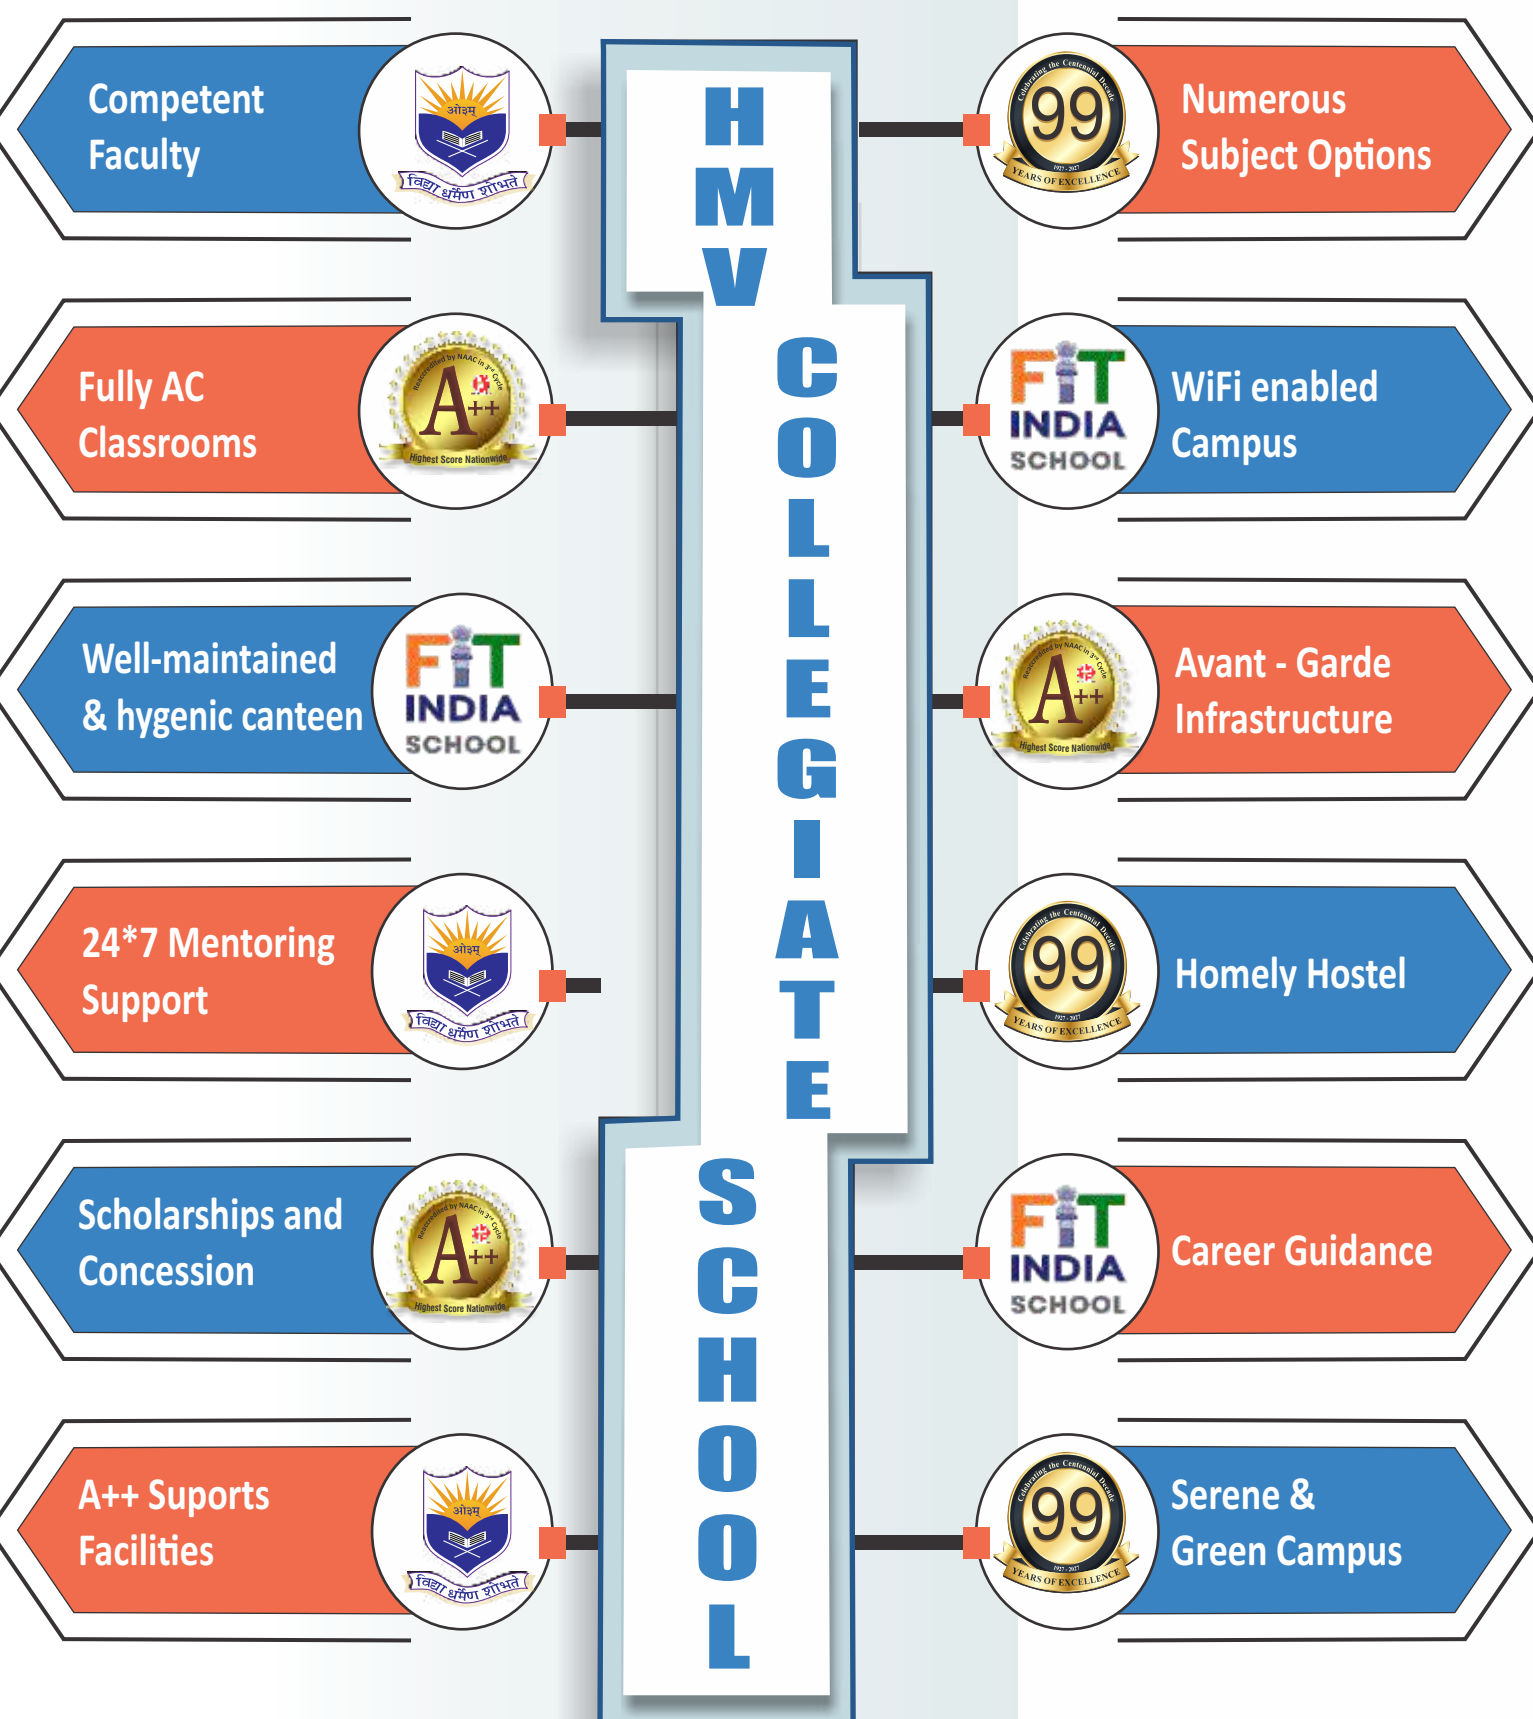

God bless

**Dr. Punam Suri, Padma Shree Awardee**  
**President, DAVCMC, New Delhi**

## Our Strengths...

We at HMV aspire to build a society where knowledge is cherished, wisdom is shared, and enlightenment prevails.

## The Motivating Mentors...

The current system is undergoing dramatic changes in terms of technology use and thus redefining the ways education needs to be delivered. It is of paramount importance that students are equipped with appropriate knowledge, habits, attitudes and values leading to holistic development. Our focus is on preparing students to have a comprehensive understanding of the significance of life in conjunction with academic excellence. To explore this very aspect of education, we encourage students to participate in an array of events and activities beyond the curriculum. This gives them an ample chance to hone their skills in different fields and also help to raise their confidence level. Organising seminars, conferences, competitions, awareness rallies etc. is a regular feature at HMV. We strive to prepare our students as independent thinkers and judicious decision makers so that they become capable enough to meet the challenges of the world.

Dear students, being a part of HMV, provides you an opportunity to groom up as morally and socially responsible human beings for creating a better world. I am pleased to see you marching forward on the path of success and bringing accolades to the school.

With these words I aspire to scale new heights along with you. Let the sacred precincts of HMV Collegiate Sr. Sec. School be the launching pad to your success.

**Dr. (Mrs.) Ajay Sareen**  
Principal

It is a school with a difference where we aim for the growth of all young learners, embedded with knowledge, skills, values and attitudes.
